**C**ruise the starkly beautiful landscapes of the Arctic, where the icy seas and desolate tundra are home to a surprisingly diverse population of plant and animal life. You'll find thriving species such as Arctic Hare, Ptarmigan and Muskoxen happily feeding on the abundant berries, heather and moss. This frozen land is also the historical home of around 200,000 Inuit, whose rich cultures and traditions are still found in settlements scattered across the north. Summer is the only time to visit as the long daylight hours allow plenty of time for exploring.

Proudly owned by Canadian Inuit, Cruise North offers visitors an insightful journey into this seldom visited region. Every cruise is designed to maximize time spent ashore visiting Inuit villages, viewing bird and animal colonies, discovering archaeological sites, or soaking up spectacular vistas. Onboard the 118-guest Clipper Adventurer or the 81-guest Ocean Nova you will enjoy an authentic and personalised experience of the Arctic accompanied by expert Inuit and Canadian guides on shore excursions.

## CRUISE NORTH DECK PLANS

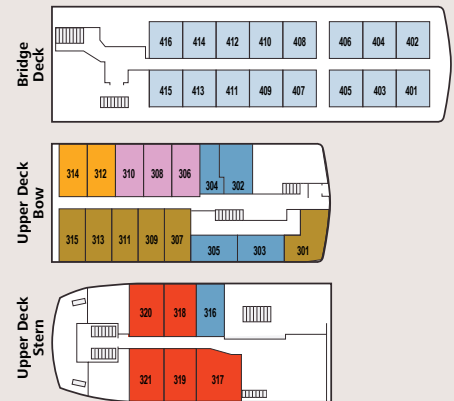

Cruise North's two comfortable expedition ships, the 118 passenger Clipper Adventurer and the 81 passenger Ocean Nova, have A-I Ice Class ratings. Their small size, excellent manoeuvrability, and advanced communications and navigation equipment make them ideal for exploring the remote waters of the Arctic. All cabins feature private facilities and outside views and both ships offer a friendly, relaxed atmosphere, spacious public areas, onboard lectures, guided shore excursions and zodiac cruises.

**JOURNEY TO THE SPIRIT MOUNTAINS**

This 13 night voyage starts in Greenland and crosses the Arctic Circle south to Kangaamiut cruising amongst the icebergs. Visit Nuuk and see the famous mummies, then cross Davis Strait to Canada, looking out for whales and walrus. Explore northern Labrador, the Torngat Mountains and visit the historic Viking settlement L'Anse aux Meadows.

**ARCTIC SAFARI**

Join this 11 day quest to meet the Arctic's Big 5 – walrus, seal, muskoxen, whales, and polar bear. The expedition combines culture, historic sites, wildlife, glaciers, fjords and spectacular scenery such as Ilulissat Icefjord and the Buchan Gulf. With blooming tundra flowers and usually calm, warm weather, this is an ideal first trip to the Arctic.

**BAFFIN AND GREENLAND ADVENTURE**

Enter the land of the Inuit on this 13 day adventure. Departing from Kangerlussuaq in Greenland the itinerary combines spectacular scenery and wildlife with visits to Greenlandic communities and the best of Inuit art and culture in Nunavut. Search for polar bears, walrus and whales and visit huge colonies of birds.

**EPIC HIGH ARCTIC**

Voyage beyond the Arctic Circle and into the far North, exploring Western Greenland, Devon Island and the historic route to the North Pole. This 11 day adventure takes in some of the most breathtaking scenery in the Arctic as well as the chance to see polar bears, muskox, whales and millions of seabirds. This is also the best time of year to see the eerie green glow of the Aurora Borealis.
